# June 9 ..... The Vogues

## The Five O'clock World Band

The Vogues created a sound. It was a fresh, original blend of vocal harmony that left an indelible mark in the world of popular music. Inducted into the Vocal Group Hall of Fame in 2001, The Vogues remain one of the top vocal groups on the oldies scene today. Even though their first hit "You're the One" was released over 40 years ago, the Vogues continue to attract sellout audiences at concerts and club appearances around the country. Their outstanding talent, stylish delivery and excellent choice of material, coupled with their vital, poised performance, makes this group one of the world's top oldies acts. The 2008 return of original lead vocalist Bill Burkette only serves to enhance that authentic Vogues sound.

According to Webster, the word "vogue" means general favor or acceptance. The Vogues many sold-out shows prove that they are not only accepted, but favored by oldies aficionados everywhere! They truly fulfill the promise of their name. Throughout the years, the sound remains unmistakably The Vogues..

<http://www.dancingqueen911.com/index.htm>

January 9th 1999, in the Pittsburgh area, a new act called "DANCING QUEEN" hit the club scene. Covering the best of 70's & 80's disco, funk and dance music, "DANCING QUEEN" had the look, attitude and excitement as if to throw you straight back to a 70's or early 80's live disco party! Since then, "DANCING QUEEN" has done over 1000 shows in more than 50 night clubs, private party venues, and outdoor events around the tri-state area. "DANCING QUEEN" keeps it's audience jammed on the dance floor from start to finish "stringing" one song straight into the next while the music's pumping with up to 4 part harmony sailing above it all!

# July 28 - Beatlemania Magic

<http://www.johnlennonlives.com/>

"Beatlemania Magic" a Tribute to the Beatles recreates the "magic" of "Beatlemania". A national touring Beatles Tribute band recreating the early Beatles concerts with identical costumes, equipment and spot on harmonies. Songs from I Want to Hold Your Hand to I'm Down played using Vox amps, Gretsch, Hofner & Rickenbacker guitars made famous by the Beatles. The look and sound is uncanny. "Beatlemania Magic" also recreates the "Magical Mystery Tour" of Sgt Pepper, White Album, Let It Be and Abbey Road. If you missed them in 1964, you must see "Beatlemania Magic" a Tribute to the Beatles today and relive the "magic".
